

Brainstorms.....

With Ferrin Cox

Prime interest rates continue to drop with some reports of 11 percent being the magic number. These small bits of relief will filter down to those of us paying the interest or buying the products, sooner or later, but not in great amounts until there is a general belief the drops are going to be permanent. People trying to buy a home continue to express shock when they figure their monthly payments, even with the slight drop in interest.

There is a new dentist in Elba, practicing out of the offices of the late Dr. James Clay. Dr. Billy Farris, who is 48 years old, has already begun seeing patients after purchasing the business from Dr. Clay's widow. We talked with him briefly Tuesday, between patients, and picked up a few tidbits about him. He played baseball at the University of Alabama and then coached Dixie Youth ball for eight years while his two boys were involved. Son Bo is a junior at a private school in Pickens County and will stay there, while son Billy plans to transfer to Enterprise Junior College before next quarter begins. Daughter Wendy is married and the mother of one son, while daughter Sara is a student at Mississippi State. Farris is a Navy veteran and has been active in various civic clubs. We welcome Dr. Farris to Elba and salute his efforts to keep Bernice Clay around running his front office.

For two weeks I have had Auburn fans instructing me to be sure and comment on the Auburn-Alabama game (or is it Alabama-Auburn). Several, including Rev. David Richburg, even suggested the words, but somehow they just don't fit the situation. We often asked - frankly it was half in jest - if we could mention the game if Alabama won; and of course at that time the response was usually a hard swallow and "of course". Well, we are not sure what you expect now David, but all we can say - for fear of getting in trouble with one side or the other - is 17-15.

We were invited Monday evening, along with WELB folks Doug and Susie Holderfield, to have dinner with the Elba Ministerial Association. We accepted the invite (Heddy accepted) and from the time we walked in the door those preachers picked on me. It is nice manners to let the guests go through the serving line first, and these preachers (their wives really) know good manners, and us guests got to serve our plates first. That was alright until Ben Amlog... from up 2C way... picked up the telephone receiver and told me the phone call was for me. I didn't think about the fact the telephone hadn't even rung, because I was thinking about food, plus I get a lot of phone calls and at weird times. Anyway, everyone laughed because my place in line was gone; but there is one Baptist preacher who had better look over his shoulder occasionally!

There was a business meeting in Birmingham which I attended last Friday, arriving just as that terrible rain hit the Magic City. We were indoors all day, however, and only getting to the U of A meeting room caused any trouble at all. I didn't stay for the tour of the UAB facilities that afternoon, nor the basketball game that night, even though I had an offer of a free dinner and ballgame tickets. While leaving town about 2 p.m., I noticed the town was working alive with folks already there for Saturday's football game. It got even hotter during the afternoon, as I met vehicles driving into town with banners on their motor homes and cars. The partying for both schools' fans was undoubtedly merry Friday night, but reports from people in Birmingham Saturday indicate the smiles were one-sided Saturday evening.

One day recently we saw a hawk fly up from a marshy area beside the highway with what appeared to be a snake in its beak. We don't know if that is normal or not, but it was one of those rare moments we hope to keep fixed in our mind forever. We aren't sure just where he was going with that snake at this time of the year, maybe it was just that I had frightened him and he didn't want to give up that tasty feast.

The City of Elba has announced the long-promised changing of the traffic flow on Yelverton Street (in front of the post office). Today the flow is north from the post office, but on Monday the traffic flow will change to south and out into Highway 84 at the post office. We don't think this is a good idea and are going to run a little contest. We offer a free picture to the first car (or cars) involved in an accident due to the change of direction. Just call us - or suggest the police call us when it happens.

We might get some Christmas decorations up by spring. While people around the country are grumbling about rushing Christmas, Elba folks are wondering if anything will be done. We have seen some sign of activity, but aren't making any promises.

James Meacham Honored At Banquet In Montgomery

On Wednesday, October 10, the Montgomery Area Committee on the Employment of Handicapped individuals held their annual award luncheon at the Central Alabama Rehabilitation Center. With Chairperson Anne Ramsey of the State Department of Education officiating, individuals with outstanding performance over the past year were recognized. Mr. Phil Snow of WSEA-TV assisted in making the awards.

The award for Outstanding Student went to Mr. James Meacham from Elba for his excellent performance in the Data Processing Program at John Patterson State Technical College. Mr. Snow read the nomination of Mr. Meacham for the award.

Mr. Meacham is blind. He lost his sight in a hunting accident several years ago. Having been trained as a drafter at MacArthur State, James searched for a trade in which his knowledge and skills could be utilized. He attended E.H. Gentry Technical Facility in Talladega and worked with Rex Gurley and Mary Dokes to acquire mobility skills and

to learn Braille. He is presently enrolled in Computer Programmer training at John Patterson State Technical College in Montgomery as the first student in a Special Data Processing project for blind students. He finished his first quarter in May within the top five of his class. His perseverance, patience, and hard work along with the reinforcement from his wife, family, and staff involved with the program is paving the road for countless blind and visually impaired students who will follow him in pursuit of computer programmer training.

PASTOR'S CORNER

R.C. NICHOLS
ELBA CHURCH OF GOD

Our lesson this week deals with Paul's first missionary journey. In this first journey, the apostle to the Gentiles was accompanied by Barnabas and, for a brief time, John Mark. The story of this journey will be the subject of our lesson this week as well as next.

SCRIPTURE: Acts 13:1-4
Called by the Spirit

He shall see the activity of the Spirit continually this week. The Biblical story begins with the ministry of the Spirit in Verse 2 and concludes with the same in Verse 52.

Leaders in the Church - Verse 1, 2

Now there were in the church at Antioch certain prophets and teachers; as Barnabas, and Simeon that was called Niger, and Lucius of Cyrene, and Menen, which had been brought up with Herod the tetrarch, and Saul. As they ministered to the Lord, and fasted, the Holy Ghost said, Separate me Barnabas and Saul for the work whereunto I have called them.

The word "church" (ekklesia: "the called out ones") appears twenty-one times in Acts. Only in 1 Corinthians does the word occur more often (twenty-two times). In this new community of God Luke listed five men who were prophets and teachers in the Antiochene Church. The prophets tended to be exhortatory in style and the teachers more instructive; thus the two groups worked together for the edification of the local church.

Barnabas is mentioned in Acts 4:36 as being from Cyprus and able to trace his Jewish lineage to the Levite tribe. His name was originally Joseph (Joseph) but he was given the name Barnabas, "son of consolation", by the apostles.

Simeon is called by his Latin nickname, Niger, which means "black". It has been suggested that he may be the same Simeon of Cyrene (Mark 15:21) who carried the cross of our Lord.

Very little is known of the third man, Lucius, except that he was from Cyrene, making him of North African extraction, as was Simeon. He may have been one of early missionaries who came from Cyrene to witness in Antioch. There is an interesting text, which originated in the African church in the fourth century that equates Lucius with Luke the evangelist, and makes Titus (Galatians 2:1) the foster brother of Luke. However, apposing this may be, there is little evidence to support the view.

The name "Menen" comes from the Hebrew word MENAHEM, which means "comforter". He is called one "which had been brought up with Herod the tetrarch." The Greek word used to describe his relationship to Herod was a title of honor given to certain young people who were the companions of the children of the royal family.

Finally, Saul is mentioned. As in all previous references in Acts, the Hebrew form of his name is used. Not until Acts 13:13 does the Greek form of his name, Paul, begin to be used.

Verse 2 begins with the powerful expression: "They ministered to the Lord." This term comes from a Greek word that was used in the Septuagint (Greek translation of the Old Testament) to describe the role of the priests and Levites in the temple worship. The term was also used to describe the activity of prayer. Haenchen comments that the communal gathering to pray in this verse relates to the "circle of prophets and teachers... moved to a decision" (THE ACTS OF THE APOSTLES).

The fast indicates their seriousness of purpose and their willingness to hear what God had to say to them. Note this kind of "ministering to the Lord" is both active and passive. It is active in that one commits himself totally to Him. It is passive in that one is Spiritually available to listen

in Him and obey.

Verse 2 give us the response of the Holy Ghost to their worship: He spoke and He called. Luke wants us to understand that the mission to the Jews and Gentiles is completely the initiative of God Himself speaking through His Spirit. This is not the work of man; this is the work of the Spirit.

The word SEPARATE is a plural imperative meaning that the circle of prophets and teachers was to be involved in the call of Barnabas and Saul for the mission. The call came from the Spirit; the act was their sign of obedience. The tense of the imperative indicates the act of separating Saul and Barnabas was irrevocable. It meant that these two men would be missionaries in the Antioch Church, but did not necessarily imply they would always work together in the mission.

It is interesting that SEPARATE is the verbal form of the noun "Pharisee". Saul had been a Jewish Pharisee. But he says in Romans 1:1 that he "separated unto the Gospel of God". Thus the Spirit worked to make Saul, the Pharisee of the Jews, into Saul, the Pharisee of Jesus!

The last part of Verse 2, "I have called them", is in the perfect tense, indicating the Lord had already decided who was to do this work and was only now, in His time, informing them of the work. Thus, one gets a strong impression of the full plan of salvation, which was expressed through the life of the Antiochene community. This was the will of God as He had ordained it.

Response to the Spirit [VV 3, 4]
And when they had fasted and prayed, and laid their hands on them, they sent them away. So they, being sent forth by the Holy Ghost, departed unto Seleucia; and from thence they sailed to Cyprus.

Again in Verse 3 we see the men responding to the call of the Spirit by fasting and prayer. In this verse Luke uses a verb prayer which indicates a prostrating of oneself before the Lord. Thus, their ministering became humble recognition that He had spoken, and they bowed in submission to His will.

We have no idea how long they fasted and prayed. These actions did not indicate a lack of faith in the word they had received, but indicated the reality of hearing God's confirmation to a message with far-reaching implications. In all probability, the words of the Spirit in Verse 2 came through one of the prophets mentioned in Verse 1. That no name is mentioned shows, even though a human agency is used, it is still the voice of the Spirit which gives the call. Yet man must seek the full confirmation of his call. The Spirit worked in the apostles' lives during these moments of fasting and prayer and led them to agree in their hearts on the reality of the message.

By laying their hands on the two, the apostles carried out the imperative to separate Saul and Barnabas for the work. They received their commission through the church as the church acted through the Spirit.

The word translated "sent them away" is not apostolic, "being commissioned with a message" (thus our word apostle); rather, it is a word which conveys the sense of being "let go" into the world. Yes, the missionaries have a mission and a message; but they were called to live by faith in a world which would not always receive the message they carried. Yet how beautiful the message in Verse 52: men thrown into the world are able to have joy in the Holy Ghost!

Verse 4 gives precise information about their journey. They went to the seaport town of Seleucia, about sixteen miles from Antioch, from where they sailed to Cyprus, the home of Barnabas. But again, Luke emphasizes that it was the Holy Ghost who sent them out.

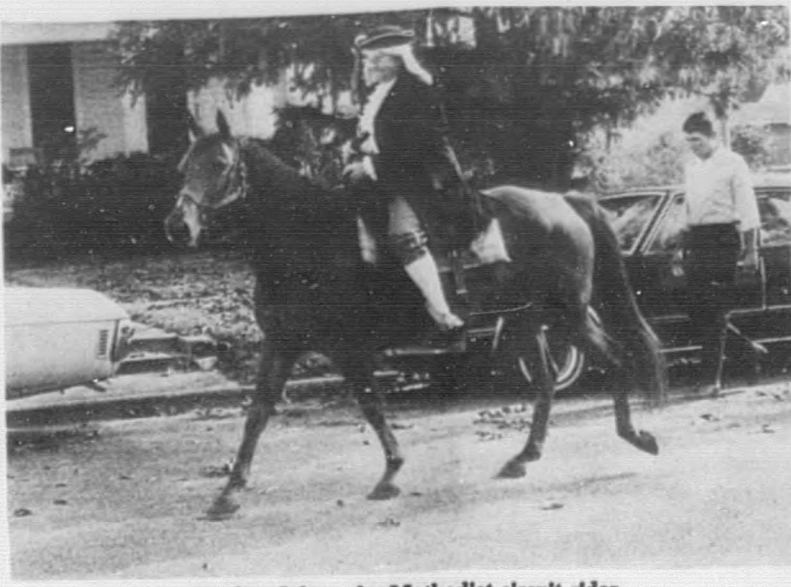

I will continue this same thought next week.

It could have been the 1700's at Elba United Methodist Church Sunday as minister and members alike remembered the beginning of Methodism in America.

Many members of the congregation dressed in period clothing, and brought food to the noon meal that might have been eaten by parishoners two hundred years ago. This included turnips, collards, blackeyed peas, corn bread, sweet potato pie, as well as modern day foods.

Bible Verse

For in that he died, he died not in sin; but he lived, he lived unto God. Likewise reckon ye also yourselves to be dead indeed unto sin, but alive unto God through Jesus Christ our Lord. Let not sin therefore reign in your mortal body, that ye should obey it in the lusts thereof. Romans 6:10-12

Stephanie Monice Hardwick was recently selected as New Brockton High School's D.A.R. Good Citizen. The Good Citizenship Award is sponsored by the Chapter of the Daughters of the American Revolution. Each high school in Coffee County has one representative which they send in to compete at the county level.

The award is presented to the student who best exemplifies patriotism, service, and leadership. Stephanie is band captain for the New Brockton High School band, secretary of Beta Club, treasurer of the senior class, and a member of SGA and Spanish Clubs. She also has recently been selected to represent the state of Alabama at the tri-state honors band concert at Florida State University.

Stephanie will be honored at the December luncheon of the John Coffee Chapter of the Daughters of the American Revolution.

Students Can Apply For UA Blount Scholarships

Outstanding Alabama high school seniors are invited to apply for the University of Alabama's Blount Presidential Scholarship for the 1985-86 academic year.

The Blount Scholar will receive \$5,000 per academic year for four years for a total of \$20,000. Because this is one of the most prestigious scholarships offered by the University, its requirements are high. To qualify, students must have composite scores of 31 on the ACT or 1381 on the SAT. They must rank in the top five percent of their class and show evidence of superior leadership and community service.

In addition to these qualifications the selected student will be expected to pursue a course of study in either the College of Arts and Sciences, the College of Engineering or the College of Commerce and Business Administration. Also, he or she should maintain a "B" average (3.0 on a 4.0 scale) for the four-year term of the award.

Application deadline is February 15, 1985. For more information, contact Dr. John Conroy, scholarship coordinator, at 348-4999 in Tuscaloosa.

Spanish Club Meets

November 21

The Spanish Club officers held an informal meeting on Wed., Nov. 21 to discuss changes to be made in the club's constitution.

It was decided that dues would remain at \$2 per academic school year, but they must be paid before the second meeting. All transfer students, previously enrolled in Spanish, are given two weeks to pay their dues.

Spanish Club members must have at least a "C" average in Spanish. If their grade falls below a "C", they will be put on probation.

Spanish Club officers must have a "B" average. Officers will be elected for the upcoming year at the end of school. Also discussed were the duties of the officers. They are as follows: president - presides over meetings and appoints committees; vice-president - takes over the duties of the president in his/her absence, chairs all committees and, if possible, he is involved in; secretary - calls roll, keeps minutes of meetings, keeps records of dues, makes a phone tree, makes Spanish Club scrapbook, transfers messages to members, and sends invitations; treasurer - collects and keeps dues, gives receipts, is involved in all fund raising; SGA representative - represents Spanish Club at all student government meetings.

This constitution was presented to all the Spanish Club members at the monthly club meeting on November 27. Also discussed were possible fund raisers. Treasurer Carmen Harris reported that the club had a total of \$61, part of which must go toward state dues. A total of 10 fund raising ideas were brought up; chairpersons were assigned for each suggestion.

The first Spanish Club activity will be held in early December the club members will be Caroling (in Spanish) in New Brockton.

DEER SEASON

BY: JASON "GATOR" HUSSEY
Have you killed a deer yet? Have you seen a deer? These are just a few questions most guys at Zion Chapel have been asking each other recently. Many hunters have been skunked due to the dry weather. There have been a few bucks killed in the area surrounding Zion Chapel. There are approximately twenty-five loyal deer hunters at Zion Chapel. As the weather comes to fit the season, deer hunters will have better luck. Deer season for Coffee County extends from November 16 to January 14 provided that you stalk hunt or hunt with dogs. January 15 thru January 31 you can only stalk hunt. During these dates previously mentioned, you can only kill bucks legally. The bucks must have bare antlers visible above natural hairline. During Hunter's Choice gun season one unantlered deer may be taken per day in addition to one antlered buck per day. This season for Coffee County stretches from December 22, 1984, to January 5, 1985. During the Hunter's Choice gun season all deer hunters are required to wear a vest with a minimum of 144 square inches of Hunter Orange or either a full size Hunter Orange hat or cap during and in areas of Hunter's Choice Gun Deer Season except while hunting on stands elevated twelve feet or more above the ground. The Hunter Orange must be of solid color and visible from any angle.

BAND HOLDS CAR WASH

BY: GLENDA BELL

The Zion Chapel High School Rebel Marching Band held car washes November 17, 1984 between the hours of 10 a.m. and 3 p.m. The car washes were located in three different cities: Jack, Elba, and Enterprise. All the supplies needed were donated to the band by The Big Bear Supermarket in Elba.

The Enterprise location washed a total of 112 cars. The Elba location washed 80 cars and the Jack location washed 21 cars making a total of 213 cars washed in five hours. This was no ordinary car wash, however, because the band did not charge anyone to wash the cars. The band members got friends, relatives and neighbors to pledge a minimum of three cents per car washed that day. They also received donations from many of their customers. The total amount of money earned is between \$900 and \$1,000 as of this date. All pledges have not been collected.

On November 16, the Zion Chapel sixth grade 4-H club held their second meeting. The main topic discussed was table manners. Mr. Cassidy showed the sixth grade 4-H the proper way to set a dinner table. He also showed them how to use the silverware and how to eat food. At the end of the meeting Mr. Cassidy gave the 4-H'ers a short test on table manners.

Paragraphs, Essays, Term Papers

By: Janet Stewart

"How to Drive a Race Car," "Love," "How to Redecorate a Room," and "Friendship" are just a few of the themes chosen as topics for essays by Mrs. Herbert's eleventh and twelfth grade English classes, as well as the tenth-grade class, will have other writing experiences throughout the year.

During the first nine weeks the English students were introduced to writing. The assignments for the tenth grade concentrated on expository paragraphs. The students first studied unity in a paragraph, then coherence, and finally structure, content and grammar. The eleventh grade students were each assigned six expository, five descriptive, five narrative and three persuasive paragraphs. Each of the twelfth-graders wrote four expository paragraphs and a descriptive one.

The major writing assignment of the quarter for each tenth grade student is the construction of four expository paragraphs. All junior and senior English students were required to write a 500 word, five paragraph essay with an outline. Each senior had to define a given term, inform about a given topic, or explain a given subject. An essay about an argumentative-controversial topic will be the next assignment for the seniors.

Some of the juniors' and seniors' essays are being used as editorials on the Rebel newspaper of THE ELBA CLIPPER.

Next quarter the sophomore English class will write essay answers to a test "question" that will probably be obtained from the sophomores' science teacher, Coach Mike Lindsey. Each student will also be assigned a character sketch, a

narative paragraph, and an opinion essay that could possibly be a letter to the editor of the school newspaper. The eleventh grade class will write argumentative essays with outlines. Each senior will write three business letters requesting information for a research paper. Research papers will then be assigned to the twelfth graders later in the second semester.

During the last quarter of school, every tenth-grade student will be assigned a five paragraph essay from information found in the library. The paper will have a bibliography but no footnotes. The juniors will then write research papers, concentrating on how to gather and compile material.

What's In A Name?
By: Rhonda Senn
What's in a name? For the mothers who had children between the late 60's and 70's, they believed these names were the most promising.

A recent poll was taken at Zion Chapel and the results were clearly surprising. The two most popular names were David and Lisa. Michael, Susan, and Rhonda came in second place.

The most common last name was Flowers. While Nelson, Liprot, and Senn were the remaining favorites. These were Donna Kaye Flowers, Flowers, Charlotte Flowers, Cepatrik, Pearson, Phillip Wilkinson, Michelle McLendon and Stephanie Goodson.

Using a Funk and Wagnall's Standard Encyclopedia Dictionary the meanings of first names of several staff members were found. Rachel means ewe or lamb. Mary means uncertain. Patsy means aristocratic. Elsie means consecrated to God. Melinda means pretty, and Gale means father's joy. The name Willard comes from an English surname that could possibly be William. William means resolute protection. Bob means bright fame. Michael means "Who is like God?" and Randy, Coach Lindsey's first name, means shield wolf. Charles means manly. Ken means handsome. Harold means chief of the army. Sylvia means of the forest and Lela means dark beauty. The only explanation that could be found on Shirley was that it was originally a place name. For the double names both words were looked up. Lou means war famous and Ann means grace. John means God is good and Franklin means freeman. David means beloved, and Tom means twin. Carolyn is the feminine form of Carlos.

Current Fads And Fashion

And Guitar Players

By: Krista Dye

Have you ever thought about buying a diamond chip for your fingernail? That seems to be one of the most popular fads around. Along with the diamond, a 14K gold fingernail might be nice. Gold fingernails have really come alive. Around Z.C. there is only one person with a gold fingernail. It belongs to Mrs. Pat Powell.

Although Zion Chapel is a small school, you can easily see the current fashions stick out. Clothing taste has really changed in the past year or so. Blue jeans are still number one. They range from the tight fitting jeans to baggies and the jeans that are the true denim color on one side and the faded denim on the other. Calvin Klein, Gloria Vanderbilt, Jordache, and Bill Blass have always been popular designer names, but these have recently been replaced by Levi's, Sunset Blues by Chic, Lee's and Wrangler's.

Over-sized shirts, wide belts and chunk jewelry have all become big

fashion accessories. Oxford shirts are still popular but not to the exclusion of other styles. Fashionable sweaters have hit with a bang. The vest sweaters were even worn during the summer. Large, bulky sweaters seem to be sweeping the world. Also, the tight Marilyn Monroe type sweaters are back in style. Sweaters this year have taken on a whole different look. They have fur on them along with rhinestones and sequins.

Fads and fashions seem to be forever changing. Along with the fashions at Z.C., one fad that seems to be evident is the slew of guitar players have to do with fads and fashions? Not much but...it does seem to be a hobby that is popular with several Zion Chapel students. Among these are Don McWaters, and the one and only Wyman "Lavanchi" McWaters.

Fads, fashions and guitar players will be always changing so we'll never know what to expect next.

SPORTS

VIEWS FROM

THE PRESSBOX

BY RICKY MULARZ, EDITOR

The Elba Tigers are 1-1 after one week of basketball season and hopes are high that the Tigers will surprise a lot of folks and post another winning season. The Tigers of Coach Hank Kennedy were written off by most people after three starters were lost to graduation and another starter was lost due to academic reasons; however, Elba has looked good in the opening games and I for one think the Tigers will claim more than their share of wins. The Tigers don't have much height and aren't loaded with talent, but this team is truly a team and does just what Coach Kennedy wants. If you like to see a flashy, dunking team that will "Bust the clock" - stay home; but if you like to see good solid basketball, c'mon out. The Tigers are just what you've been looking for!

The county schools have all opened the season and except for New Brockton's upset loss to Daleville the teams are all doing about what you'd expect.

Zion Chapel followed up its win over Florala with a narrow win over Elba and the Rebels are now 2-0, with two impressive wins. The Rebels have as much talent as any team in the county and if they can be consistent the wins will begin to pile up as the season rolls along.

Kinston is off to its usual fast start and the Bulldogs are once again looking like small school powers are supposed to. Coach Pete Kelley stated that this year's team will be quick, but not talented enough to win a bunch of games. Looks like he forgot to tell his players.

New Brockton had 23 turnovers and hit only 7 of 22 free-throws in its loss to Daleville, so the Gamecocks aren't really your typical 0-1 team. New Brockton doesn't have a lot of depth and does have a couple of question marks to solve, but the Gamecocks are a good team and will win more than its share of games.

I am not the world's biggest college football fan, but I did watch the Alabama-Auburn game on Saturday - (didn't everyone?) - and will admit I was a little surprised at the outcome. I knew Alabama had a good defense, but I didn't think it could score enough points to beat Auburn. I was wrong! The Crimson Tide seemed to have the emotional edge following Auburn's first score and held it until the final quarter when the Tigers almost pulled off the victory. You have to give Auburn credit for coming back, but you've got to give Alabama more credit for the way it played and the confidence it showed. This year it was the time for the "Roll Tide's" to paint their cars and yell "17-15"!

The Elba Tigers opened the season last Tuesday night against Luverne and won in front of a big crowd. The night was also the night for practice for the Miss Elba beauty contest, which means almost all the varsity cheerleaders were busy. No cheerleaders - right? Wrong! The junior high cheerleaders cheered for the junior game, stayed on and cheered for the B game and then for the varsity game until their voices were gone. The girls didn't last the whole varsity game, but they made a lot of noise for over three hours and their spirit was certainly appreciated by all in attendance!

Well, it's almost over. The high school football season will come to an end this week and new champions will be crowned in all six classes. I've done pretty bad thus far in making my picks in the playoffs, but I guess I'll give it one last try.

New Brockton drops opener to Daleville 51-49

The Daleville Warhaws hit two free-throws with only :04 left in the game to upset the New Brockton Gamecocks 51-49 last Tuesday night in the Gamecock gym.

The win upped Daleville's record to 1-0, while New Brockton fell to 0-1 with the loss.

The game was nip-and-tuck in the early going with neither team able to pull away; however, New Brockton's 6-4 center Layman Hornsby picked up three quick fouls in the first quarter and was forced to ride the bench.

The Gamecocks defense tightened up in the second quarter and Kenneth Deaton woke up on offense as Brockton pulled out to a 28-25 halftime lead.

Hornsby picked up his fourth foul at the start of the third quarter and again retired to the bench, and this time Daleville used his absence to take control of the game as it opened up a 41-33 advantage.

Bobo Reynolds got hot in the final stanza and poured in 11 points to spark a Gamecock rally that pulled New Brockton even at 49-49 with less than a minute left in the game. The Gamecocks got the ball back with :20 left and ran the clock down to :08, but missed a shot and then lost the rebound out of bounds, setting up Daleville's last-second win.

Bobo Reynolds scored 19 points to lead New Brockton, while Gary Faulk led Daleville with 12.

Daleville (51): Faulk 12, Baisan 11, Griffin 10, Arnold 8, Moody 6, Daniel 2, Johnson 2.

John Hudson scored six points in the third quarter as Elba remained in charge, and Mick Phillips hit five of seven free-throws down the stretch to ice the 58-46 win.

Mick Phillips poured in 20 points and grabbed 12 rebounds to lead Elba, while John Hudson added 12 points. Tony Johnson led Luverne with 14 points.

HEALTH RELATED FITNESS

Last week I attended a Health Related Fitness program in Auburn. Dr. Jane Moore from the Physical Education Department conducted the program. Dr. Moore emphasized the importance of a good weight control and a daily exercise program that exercise programs should begin at an early age; that exercise can be done by persons of any age.

At the meeting the group practiced simple finger exercises to more strenuous floor exercises. Exercise is important.

Dr. Moore also demonstrated an

FIRE SAFETY

Be aware of all potential fire hazards and be prepared. Here are a few guidelines for practicing fire safety. Fire can strike suddenly at any time of day or night, so both parents and children should be ready to act. Why not make a family fire drill a monthly routine. Post phone numbers for the fire department, ambulance, police department and family doctor on or close of all telephones. Keep baking soda within reach of your range in the kitchen to extinguish small electrical or grease fires.

How does baking soda work?

Employee Awards Given

The plaque, with the names of employees of the month engraved upon it, is displayed in the hospital corridor.

Pat Hudson - Accounts Payable: Mr. Hudson - accounts payable specialist in the business office - for month of August.

Mary Cooper, R.N. - surgical nurse: for month of September.

The awards were presented by Joe Claypool, administrator, and Ellen Peterson, R.N., assistant administrator of nursing services.

Claypool Attends NHI Conference

Joe Claypool, administrator of Elba General Hospital and Nursing Home, attended the semi-annual administrative conference of National Healthcare, Inc., in Hamilton, Alabama, November 27-29.

The meeting, held in the Brooks Convention Center, was a working/sharing conference, wherein company policies and procedures in areas such as finance, nursing, marketing and sales, and medical records were explained.

A banquet was held on Wednesday evening, with guest speaker George Fields, entertaining with musical and humor. Part of the program also featured remarks by Steve Phelps, NHI president.

NHI operates 17 hospitals in six southern states, including the Elba facility, which is operated under a long-term lease.

When heated, baking soda releases carbon dioxide, which smotheres flames. To douse a fire, turn off source of heat. Stand back and toss handfuls of baking soda at the base of the flames. Do not use baking soda to extinguish fires in deep fat fryers, since grease can splatter and spread the flames.

For added protection against fire, make an emergency fire plan with a coffee can filled with baking soda.
